Professional Summary

Recent B.Tech graduate from RTM Nagpur University with strong skills in Python, SQL, and Power BI. Passionate about Data Analysis and Machine Learning with hands-on experience in building projects like fraud detection and management systems. Seeking an entry-level Data Analyst role to apply analytical and problem-solving skills.

Technical Skills

- **Programming Languages:** Python(Numpy, Pandas, Matplotlib)
- **Database:** MySQL, Data Management
- **Data Technologies:** Data Analysis, Data Science, Machine Learning, Deep Learning.
- **Tools:** GitHub, Power BI, Excel, Tableau.

Internship Experience

Application Developer Intern

NexaNova Protech

- Assisted in application development using Python.
- Worked on backend logic and basic data handling.
- Participated in debugging and improving application functionality.
- Gained exposure to real-world software development practices.

Projects

Library Management System (Python)

- Developed a Python-based system to manage books, users, and issue records.
- Implemented CRUD operations and basic validations.

Hospital Management System (MySQL)

- Designed a relational database schema for hospital operations.
- Managed patient, doctor, and appointment data using SQL queries.

Financial Transaction Fraud Detection (Machine Learning)

- Built a machine learning model to identify fraudulent transactions.
- Applied data preprocessing, feature selection, and model evaluation techniques.

Education

Bachelor of Technology (B.Tech)

Kavikulguru Institute of Technology & Science, Ramtek
RTM Nagpur University

2021-2025

12th: 56%

10th: 77.20%

Certifications

- **Python Full Stack in Data Science**
First Bit Solutions, Pune
